The Hawthorne Hotel was built by the residents of Salem in 1925. Over one thousand people in the area purchased stock in order to create a “modern” hotel. Now, designated a “Historic Hotel of America,” the Hawthorne provides every amenity a “modern” traveler could desire and continues to welcome thousands of visitors every year. The hotel is 15 miles north of Boston and easily accessible from many major routes.

Historic Hotels of America is a program of the National Trust for Historic Preservation. Historic Hotels has identified 191 hotels that have faithfully maintained their historic integrity, architecture and ambiance. To be selected for this prestigious program, a hotel must be at least 50 years old, listed in or eligible for the National Register of Historic Places or recognized as having historic significance.
